## English Language (OCR)

## Getting Ready for English Language:

You'll see we've attached the English and Media centre's **'Leaping into Language'** booklet – this has lots of great activities to start thinking about English Language in a deeper way – none of these tasks are compulsory, just dip in and out of it as you like. You will need the resource pack and audio files to carry out some of the activities.

In order to start thinking about language 'in the real world' a bit more, you might like to visit the Radio 4 'Word of Mouth' podcasts site – have a browse and listen to some that you think you'll find interesting – everything from the language of forensics to the language of advertising!

https://www.bbc.co.uk/programmes/b006qtnz/episodes/player

Note – you'll receive two compulsory tasks to do before September when our formal induction starts later this summer.

For further information please contact: Mr P Wilson (English Dept) Email: pwilson@swchs.net
