Trips/ Events/ Activities

- Induction
- Settling in trip
- Unifrog for Post-16 inc.LMI
- CV writing & Mock Interview
- Raising Aspirations
- EApp programme
- Weekly Electives
- Career Insight Event & Careers Fair
- National Apprenticeship Wk with alumni talks
- In-person work placement (5d) plus virtual events
- University & UCAS trips: including non-Uni routes
- Subject specific visits/trips
- Career Advice Discussion
- Subject drop discussions
- Aligned life lesson & lecture curriculum
- 3 Parent Events

Outcomes

Students transition smoothly into the sixth form, taking charge of their development and setting aspirations. They understand the workplace and are confident about sharing their achievements through PS, CVs and interviews.

They access information about future educational & career pathways through a range of career insights, plus university, workplace, and apprenticeship events – building enabling relationships / networks inside and outside school.

They develop clarity around their future choices and plan their next steps.

Life Lesson/Lecture Topics

- Unifrog
- Relationships
- Networks
- Employment rights
- Opportunities abroad
- Resilience – inc. digital
- Support for CV, interview, work experience, personal statements, post-18 options

How will we know?

Students can talk about their future life aspirations and the skills they will need. Aware of all options available to them and with networks to support them, they are enabled to make an aspirational, informed decision about their choices.

YEAR 13: PROGRESSION & DESTINATION

Trips/ Events/ Activities

- Progression week for Post-18 pathways - alumni
- Unifrog for Post-16 inc.LMI
- CApp support
- UCAS team
- EApp programme
- Extra targeted support as required
- Weekly Electives
- Access to Career Insight Event, Careers Fair, NAW with alumni talks
- Virtual insight events & webinars
- Subject specific visits/trips
- Career Advice Discussion
- Post exam support including results day
- Aligned life lesson & lecture curriculum
- 2 Parent Events

Outcomes

Students take proactive steps towards their future by prioritising & planning. They keep seeking challenges and opportunities to develop skills & understanding. As they research workplaces / courses, students learn about the impact of the changing world.

With increased confidence & optimism plus lots of targeted support, students take charge of their learning & career paths, completing application processes – successful or not.

Developing core skills, they prepare to meet the requirements for successful applications and their chosen future pathways.

Life Lesson/Lecture Topics

- University guide
- Apprenticeships guide
- Future career trends
- Budgeting
- Economic well-being
- Financial decisions & safety
- Managing risk
- Applications & interviews
- Gap year

How will we know?

Students can talk confidently about their aspirations & their immediate next step options. They will be resilient in finding, applying & securing offers and will demonstrate the skills to do so. They leave aspirational, confident and enabled ready for their future life choices.
