

Saffron Walden County High School

Sociology summer homework

Your homework is to produce a summary of different sociological theories by completing the worksheets to help prepare you for your course. You are expected to research each theory using the links provided, defining key concepts, outlining sociological perspectives and application of knowledge to education.

Tip: Think about 'chunking' your work- undertake one task at a time or take short breaks between reading to refresh and re-engage!

**DUE: BE READY TO HAND THIS TO YOUR
TEACHER DURING YOUR FIRST
SOCIOLOGY LESSON IN SEPTEMBER.**

Good luck and we look forward to seeing you in
September!
