# **Holiday Homework Reading Project**

It is essential that business students are interested in what is happening in the real world and the impact that this has on business. Regular reading will be a huge advantage and is a great habit to form early in your sixth form career.

**Your holiday homework is to find, read and analyse 3 business articles over the summer.**

## **What do I need to do?**

Find three articles that relate to the business world.

For each article:

1. Read it
2. Summarise the article in your own words
3. Explain what you find interesting about the article
4. Bring in a hard copy of the article and your written summary/interesting point ready to hand into your teacher in September and be ready to discuss in class

## **Where do I find the articles?**

You can look online. The Guardian and BBC News sites both allow free access

You may have newspapers or journals at home. Good ones to look at for business might include Times Business Section and Financial Times but any broadsheet newspaper (not tabloid) will be a great start.

## **What sort of thing am I looking for?**

Here are some examples to get you started – please just use for ideas, you need to find three articles of your own.
