1. Contact information

Mrs Katie Pieri and Mr Phillip Heath are the joint SEN Co-Ordinators and have day to day responsibility for co-ordinating SEND provision at SWCHS. Their contact line is 01799-513030 for the main office. Mrs Natascha Pipe is the Deputy SENCO and can be contacted on the same number.

2. Identification

At SWCHS we are passionate about ensuring all our students can play a full and active role within the school. We do not discriminate against pupils due to their Special Educational Need or Disability. We will endeavour to make appropriate access arrangements or adaptations depending upon the individual need and ensure that all students can partake in the daily life of the school. We identify the needs of students in a range of ways. We use data sources from primary schools, school assessments and psychometric tests (LUCID Exact). We also have a range of ability tests which help us identify how best we can support our students. Teacher feedback and information from parents and external professionals is also paramount in understanding the needs of our students. Tests available to us include; the Boxall Profile, Lucid Exact, the WIATII, WRAT4, SDMT, Access Reading Test, Vernon Spelling test, the DASH, CTOPP.

Students are identified through regular monitoring by class teachers, support staff and pastoral teams. They will report any concerns to the SEN Co-ordinators, the Deputy SENCO or relevant TAs. Further assessment or investigation, if required, can be carried out by staff or relevant outside agencies. Staff can raise concerns directly with the SENCOs or Deputy at any time. Parents can also raise any concerns they have with the school at any time through the pastoral systems, teaching staff or directly with the SENCOs or Deputy.

3. Admission

There is no difference in the admission arrangements for pupils with Special Educational Needs who do not have an EHCP to the arrangements from other pupils. All students on admission are assessed individually to identify specific needs, talents, abilities and challenges.

4. The Department

The department is made up of a team of 23 full and part time staff. That includes 21 Teaching Assistants, of which 3 hold the post of Lead TA for a designated area: KS3 transition, KS4 transition and Exams. There is a Deputy SENCO and two SENCOs. Combined, our department offer a range of support. These include; in-class support, where our TAs are based in curriculum areas and plan termly with teaching staff; small group work; extra-curricular activities and groups; lunch and break supervisions and where necessary. We also work closely with the Mental Health Lead (Mrs Moorhouse) and students can access, via referral to her, Therapeutic support, Counselling, an array of therapies. There is also a daily, therapeutic drop in session for students run at lunchtime out of the Wellbeing Shed. Please see Crocus Wellbeing page on the website for more information.

5. Who we work with

We currently have pupils with a range of SEND needs including autism, physical and neurological impairments, specific learning difficulties (including dyslexia), SEMH, SLCN, visual impairment, hearing impairment and learning delay. We also support students with Elhers Danlos Syndrome, Meres Irlen, Cerebral Palsy, Triple x, Epilepsy, Chronic Fatigue Syndrome and Cystic Fibrosis. We have students with additional needs in all four of the SEND outlined categories; Cognition and Learning, Communication and Interaction, Social, Emotional, Mental Health difficulties and Physical and Sensory.

The numbers of students we support are (valid as of September 2023):

6. Reviewing

All students with an Education, Health and Care Plan, have a Person Centred Plan (PCP) which is shared with students and staff and is reviewed regularly. Students with an Education, Health and Care Plan also have an Annual Review which is monitored by the Local Authority. These students may receive support in class as well as from external agencies and/or school based specialists, depending upon their needs and wishes, as identified in the EHCP or PCP. This may involve Outside Agencies such as Speech and Language Therapy (SALT), Advisory Teachers for Specific Learning Difficulties and the Educational Psychology Service. The thoughts and wishes of the child are at the centre of everything we do to support them and they are involved at every step to guarantee that the support offered is best for the individual and meets their needs. Care is taken to support and guide students where their personal wishes may not be in their best interests and may hinder their progress in meeting their best possible outcomes.

Students identified as School Support (K) are discussed at regular Pastoral meetings and Wellbeing meetings to ensure the support they receive is sufficient and continuing to have impact.

7. Support

At SWCHS we are inclusive and believe all children have the right to a balanced and broad curriculum. Quality first teaching is key in this success. Staff training and regular communication is at the heart of identifying and supporting our learners. We are able to be flexible to the individual needs of students and can provide opportunities for support in many differing ways, including 1-2-1 sessions, small groups, therapy and counselling, in-class support, and the use of external agency support.

We offer training to all of our staff through INSET and formal qualifications to ensure that all staff have the knowledge and skills to work with our SEND pupils. This enables us to offer an adaptive curriculum to meet the needs of all of our learners. We offer, where appropriate, a variety of alternative curriculum courses. We also have GCSE alternatives such as Entry Level Qualifications.

We have designated support for mental health and wellbeing, please Crocus Wellbeing section of the website. Mrs Pieri oversees the provision for LAC children and works with relevant agencies such as the Virtual School and Social Care in ensuring their support needs are met.

8. Opportunities

We value all our pupils equally, irrespective of race, social class or disability and treat them all equally. All children are given the opportunity to attend after school clubs, trips (including residential trips) and to take on roles and responsibilities throughout the school, such as the Student Voice, Prefect and Peer Mentor.

9. Governing Body

The Governing Body receive termly updates on the SEN provision offered at SWCHS, including new developments, successes and areas for future development. Current and new legislation is also reviewed, as well as information on local and national programmes and research which may be relevant.

10. Parents

The role played by the parents of pupils with special educational needs and disabilities is essential to the well- being of their children within school. They are involved in meetings relevant to the needs of their child and we rely on their expertise. Parents may meet with the SEND team, Pastoral Team, Wellbeing Team or Senior colleagues depending on support required for their child. Parents are invited to attend all Annual Reviews for students with an Education, Health and Care Plan. Annual Reviews are offered in person, online or over the phone to support attendance and access.

11. Transition

Transition arrangements are very important. The SENCO, Deputy SENCO and Lead LSA for Key Stage 3, will visit primary schools when appropriate and liaise with the Year 7 Achievement Coordinator to share information.

Students with an Education, Health and Care Plan will also receive support from the careers service (IAG) as part of their Annual Review in year 9 and again in year 11 to ensure that they are fully prepared for the transition to adulthood. The Lead LSA for Key Stage 4 will also support students and parents through this transition into KS5 and also leaving KS5 into Higher Education settings like Universities.
